Thanks For All You Do

Supplies:

- ***Stamps:*** Thanks All Ways (papertrey ink)
- ***Ink:*** Early Espresso Classic ink (Stampin' Up!)
- ***Paper:*** Daffodil Delight CS, Very Vanilla CS (Stampin' Up!); Dark Chocolate CS (papertrey ink); Paradise Beach DP Collection (Echo Park)
- ***Accessories:*** bone folder, mini glue dots, Stampin' Dimensionals (Stampin' Up!); Tape Runner XL (thermo-web); brown embroidery thread (Craft Store); Berry Sorbet Vintage buttons, Lemon Tart Vintage buttons and Spring Moss Vintage buttons (papertrey ink); Open Scallop Edger punch (EK Success); Repositionable adhesive (Dotto)

Dimensions:

- Daffodil Delight CS: a 4 ¼" x 11" piece
- Dark Chocolate CS: a 4" x 5 ¼" piece and a 2 $^{3}/_{16}$" x 4" piece
- Very Vanilla CS: a 1 ½" x 3 ⅞" piece
- Tropical DP: a 3 ⅞" x 5 ⅛" piece

Directions:

1. Fold the 4 ¼" x 11" piece of Daffodil Delight CS in half, with a bone folder, creating a 4 ¼" x 5 ½" card base. Set aside for a moment.
2. Punch along both 4" sides of the 2 $^{3}/_{16}$" x 4" piece of Dark Chocolate CS, aligning the scallops on the top and the bottom of the CS, using the Open Scallop Edger punch.
3. Stick the 1 ½" x 3 ⅞" piece of Very Vanilla CS to the grid paper with Dotto so that the CS doesn't move around while you are stamping the greeting onto it. Stamp the "Thanks" greeting onto the 1 ½" x 3 ⅞" piece of Very Vanilla CS, towards the left hand side of the CS, using Early Espresso Classic ink.
4. Stamp the "For All You Do" greeting onto the 1 ½" x 3 ⅞" piece of Very Vanilla CS, just below the "Thanks" and towards the right hand side of the CS, using Early Espresso Classic ink.
5. Stick the 1 ½" x 3 ⅞" piece of Very Vanilla CS to the scalloped piece of Dark Chocolate CS, leaving the scallops exposed on the top and bottom, using double sided adhesive.
6. Center and stick the 3 ⅞" x 5 ⅛" piece of Tropical DP to the 4" x 5 ¼" piece of Dark Chocolate CS, using double sided adhesive.
7. Center and stick the matted DP to the card base, using double sided adhesive.
8. Stick the matted greeting label to the matted DP, 1" down from the top edge of the DP, using Stampin' Dimensionals.
9. Insert brown embroidery thread through the holes of all three buttons, as shown in the video.
10. Stick the three buttons to the card, in a cluster in the bottom left hand corner of the greeting label, using mini glue dots. You're done!
